 PRI folks. displaced during the Feb. 15 Caltrans cleanup behind the 465 Fyu moved to our r/w across from the McCollum Avenue and some other locations. Unfortunately, our creas were on their regular day off when we received the notice and were not able to be present at that time. By Feb. 19, the encomponent raw much bigger. Attached is a recent photo of one of the encomponents.

There is a severe whortape of shelter bels, affordable housing units and perament supportive housing units across the City and the County of Ics Aegales, so outreach teams crally one of viable options to offer in terms of alternative locations for people to sleeps it this time. Therefore, I cloud these containing the health and safety of the community by clearing trash and bioharandous materials that may accumulate when people do not have a place to dispose of their trash or relieve themselves. If we are trying to prevent folks from returning to the Creek, that will displace them into the rounding neighborhoods and communities, which I do not think should be our intention.
